

gsZoom Settings & Permissions

User Type: Licensed (Custom Enterprise)

Licensed user can host meetings with unlimited minutes.

Features: Large500

User can host meetings with unlimited minutes for up to 500 participants.

Settings

Girl Scouts of the USA has locked certain settings within gsZoom accounts to ensure they are as safe as possible for our girls, families, and volunteers. Below are the major settings that have been locked by GSUSA and cannot be modified by end users. If a setting is not on this list of “locked” settings, then any user can change the setting on their own personal account as they see fit. The locked settings say “Locked by Admin” and are grayed out.
