CAMP CULTURE CODE⁵

GSNETX will be an organization that fosters a just and fair Girl Scout community that strengthens our staff, volunteers, and girls. We are committed to removing barriers and creating an empowering experience for all through a culture of belonging.

The Camp Culture Code is intended to set expectations for campers, camp staff, and families ahead of their time at camp. The Culture Code is a pledge to ensure everyone at camp feels valued and safe. Together, we can create a safe and inclusive environment that celebrates who we are as authentic individuals. In an effort to help us all come to camp informed and empowered to be a part of our safe space, we ask everyone to commit to upholding the Camp Culture Code.

**We ask that you review this document in its entirety.
Camper and caregiver acknowledge these expectations and commit to meeting them.**

It is an expectation of everyone in the camp community to respect one another. Respecting one another's beliefs means making space for them to believe what they do, without judgment. It does not mean that someone else needs to adjust their lifestyle or beliefs to align with someone else's.

Camp is a place where everyone can feel comfortable being their authentic self. GSNETX dedicates ourselves to making all youth feel welcomed, included, seen, heard, and safe. In the space of camp, this culture is especially empowering for youth. Our campers develop the confidence to know who they are, to feel that they are valued, and to experience the warmth and kindness of peers and mentors.

We strive to be a supportive community – one that provides equitable access for all, including those who require additional physical, mental, social, or emotional support. Breaking down barriers and providing access is our ultimate goal, and we use a combination of reasonable accommodations and accessibility to create a culture of belonging.

³ACA AD.11.1 | ⁴ACA CR.23.1 | ⁵ACA CR.1.1

At Girl Scouts of Northeast Texas, we live by the Girl Scout Promise and Law, we value diversity and inclusion, and we are committed to creating a culture of belonging for all.

Camp staff have intentional plans to create a welcoming, positive, and constructive environment for the entire camp community, and this environment is critical to the value of camp. Rules and policies are established for safety and to ensure that we have a common standard of behavior. The following expectations are essential to the particular environment we support. Please discuss these with your camper and ensure that camper and caregivers can commit to meeting the expectations.

- Campers will actively contribute to a supportive and empowering environment by neither participating in nor tolerating bullying of any kind. Upon witnessing or becoming aware of bullying, campers are expected to promptly report the incident to camp staff.
- Campers are expected to demonstrate personal responsibility by taking care of themselves, their belongings, and each other, maintaining personal hygiene and health needs, and actively participating in camp chores to foster a cooperative and supportive community.
- Camp offers a valuable opportunity to disconnect from technology distractions and focus on the present camp experience. No electronic devices may be brought to sleepaway camp. For families and troops, we strongly encourage that electronic devices be limited to adult use for safety and communication related to camp.

Camp staff work hard to help campers adjust to cooperative camp life and have a successful week, and in most cases challenging behavior can be suitably resolved. Please note: GSNETX reserves the right to dismiss a camper from camp early, at family expense and without refund, if participation is deemed unsafe due to environmental, physical, emotional, or other endangerment to themselves or others.

CAMP COUNSELORS

At GSNETX we work hard to hire a diverse group of staff from our local communities and internationally from around the world. We believe girls greatly benefit from learning and working closely with those who are different from themselves. All camp staff undergo a rigorous application and interview process, must pass a thorough background check, and complete training on camper safety, first aid, mental health, and more.

Camp counselors are trained to create a positive group environment, facilitate team-building, foster inclusion, and support independence. At least two un-related female counselors will reside in each cabin at Camp Bette Perot. This aligns with GSNETX Volunteer Policies and Procedures.

Campers are supervised at all times by trained camp staff during activities, meals, rest periods, and overnight in camper living units.

GIRL SCOUT PROMISE

On my honor, I will try:

To serve God* and my country,

To help people at all times,

And to live by the Girl Scout Law.

**Members may substitute for the word God in accordance with their own spiritual beliefs.*

GIRL SCOUT LAW

I will do my best to be

honest and fair,

friendly and helpful,

considerate and caring,

courageous and strong,

and responsible for what I say and do,

and to respect myself and others,

respect authority,

use resources wisely,

make the world a better place,

and be a sister to every Girl Scout.

PREPARING FOR A SUCCESSFUL EXPERIENCE

Success at camp starts with you! Knowing what to expect and encouraging your camper to adapt to challenges she may experience can help her get the most out of her time at camp. You are encouraged to consider the following expectations prior to camp:

Is your camper ready for Summer Camp? Now is the best time to start practicing these things to ensure your camper is a pro by the time she comes to camp. Review this list to ensure camp readiness⁶

- Camper wants to come to camp.
- Camper is willing to camp in rustic outdoor environment. (Sounds, weather, darkness, wildlife)
- Camper has successfully spent nights away from home and can get herself to sleep at night.
- Camper wants to eat, sleep, and play in a diverse group environment that offers limited opportunities for time alone.
- Camper can manage her own belongings and hygiene, including bathing, toothbrushing, hair care, and dressing in activity-appropriate attire (swimsuit, for example).
- Camper and caregivers are committed to girl remaining at camp the entire week and working through any feelings of missing home that arise – our staff are ready to help your girl succeed.
- Please consider how you can help build your camper's readiness for camp over the coming months.

Camping progression

- Camp activities progress by age and beginning with girls going into 5th grade, they will have choices of activities to participate in throughout the day.⁷
- Girls going into 5th grade will meet the epic challenge of Raccoon Ridge, the platform tent unit. Platform tents are the original Girl Scout camp experience and foster a camper's progression, grit, and accomplishment.
- The tents have giant fans, wood floors, wood support frames, heavy canvas roofs and sides that can be rolled up or down as needed, and beds equipped with bed nets, cubbies, and twinkle lights to make it cozy.

Independence means no direct communication during camp

- This is a chance for girls to have independent adventures, to keep in touch through mail, and to reconnect with family at the end of the week. Girl and caregivers must be comfortable forgoing all direct contact for the week (no phone calls, email responses, or other direct updates).
- Please do NOT tell your camper they can call home during camp, even if they begin missing home.

New friends and old friends

- Most girls attend camp for the first time without a friend they already know, and counselors work to foster friendships in camper groups.
- We are fortunate to host a diverse community at camp, and campers can expect the opportunity to live and play with girls and leaders who are different from one another. Differences may include geography, family structure, race and ethnicity, culture, appearance, ability, interests, and more.
- For girls attending with a favorite buddy, the buddy request can be made in CampDoc and we make an effort to accommodate ONE mutual buddy request in the same grade level where possible, but buddy requests will not be guaranteed. Housing assignments are carefully made to support a healthy camp living environment for the group. You can help your girl by encouraging her to make new friends in their unit, and please do NOT assure your girl that she will be housed with a particular person. If a girl is only willing to attend camp on the condition that her housing assignment is guaranteed, we would like to suggest family or troop camp at Camp Gambill instead, where camping groups determine their own housing assignments.
- All campers have opportunities to see their favorite campers of different ages throughout the week.

⁶ACA AD.32.1 | ⁷ACA AD.32.1

Overcoming missing home

It is not uncommon to experience missing home in a new environment, and campers can successfully work through challenging feelings to enjoy camp to the fullest.

If your girl is nervous about missing home, you may want to brainstorm how she can tackle feelings as they arise during camp, such as by:

- Asking a friend or counselor for a hug, high-five, or holding hands
- Focusing on the things at camp she is excited about
- Writing feelings in a journal or a letter
- Practice communicating needs with a trusted adult
- Saying a favorite poem or song
- Remembering that she is courageous and strong and recalling times she has used courage and strength to overcome challenges

Please remind your girl that she will stay the entire week, and do NOT tell her she can leave early.

Screen-free lifestyle at camp

- Camp is a chance to disconnect from technology and connect with community and the great outdoors.
- Cell phones, tablets, computers, e-readers, smart watches, or similar electronic devices are not permitted at camp.
- If a camper arrives at camp with a cell phone or electronic device, it will be held by Camp Administration until the end of camp. **The camp, camp staff, and GSNETX are not responsible for lost or damaged cell phones/electronic devices.**

Camper-focused environment

- In order to ensure that camp is focused on the camp community, family and friends do NOT visit camp while the camp program is in session.

Summer camp in Texas is hot

- The majority of the day at camp is spent outdoors.
- Camp days are typically sunny and hot, and we still have lots of fun even when we are hot.
- We make use of sunscreen, shade, and having a rest in cabins or tents during the hottest part of the day.

DIETARY NEEDS

Dietary specifications are included in the health profile completed via CampDoc. Our camp kitchen staff can accommodate general dietary needs such as vegetarian, gluten free, nut free, or dairy free. Please be advised that food is prepared in shared processing space. If your camper has more sensitive dietary needs, please contact us at campbetteperot@gsnetx.org prior to June 1 to see how we can accommodate her.

Please ensure your camper is aware of the dietary needs they are expected to follow.

RELIGIOUS ACCOMMODATIONS

If religious accommodations are needed at camp, please contact us at campbetteperot@gsnetx.org to make plans before your camper arrives.

CAMPER MAIL

Mail time is a favorite each day! Families are encouraged to send letters to their camper throughout the week, and planning ahead makes this possible. Mail can be sent in these ways:

- Drop off mail in the designated bin at camper check-in (when leaving camp property), marked with camper first and last name, along with delivery date (Monday through Thursday).
- Send mail via USPS, marked with camper name and camp address (found on cover of this booklet). Consider mailing early to ensure timely delivery.
- Send email via Waldo Photos (send Sunday through Wednesday for timely delivery Monday through Thursday.) Waldo Photos details are shared at camp check-in.

The best mail is newsy, encouraging, and dwells on the fun things your camper is doing at camp. Please avoid sharing information that may be disruptive to a camper's adjustment at camp, such as any hard news or language about the house being too quiet, the dog not eating while camper is gone, etc.

All mail should fit into envelopes – please do NOT send packages, food, gifts, or money. Save the gifts and treats to enjoy after camper pick-up!
