

Fall Program

Save the Date

2026

As you start thinking about your troop plans for the upcoming year, we're excited to share an early look at what's coming this fall at Girl Scouts of Northeast Texas.

August through December 2026, there will be plenty of opportunities for girls, families, and volunteers to get involved—everything from leadership experiences and hands-on programs to outdoor adventures, STEM activities, and favorite Girl Scout traditions. We put this Save the Date together with troop leaders in mind so you can get key dates on your calendar early and start mapping out meetings, badge work, service projects, and special events. Each opportunity is designed to help you create fun, meaningful experiences where girls can build confidence, grow their skills, and stay connected to their Girl Scout community. Be sure to save these dates now and check back as you continue planning—more details, registration info, and new opportunities will be shared in the months ahead, and we can't wait to support you in another great Girl Scout year.
